INTRODUCTION

PROJECTS

OMBA's purpose is to maintain existing mountain bike trail access and to gain access to more trails. To this end OMBA is building working relationships with IMBA Canada and land managers in the Ottawa area. If you love mountain biking, then trail access is important to you - and OMBA is working for you. We welcome your support, so join us as we make Ottawa a better place to ride our bikes. Thanks, the OMBA Executive.

Our mission: To provide a unified voice for mountain bike trail access issues and advocacy in the Ottawa area.

Project:

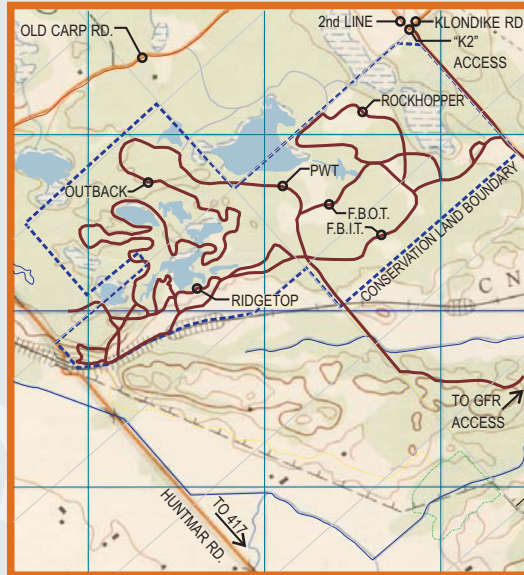

South March Highlands

The area north of the railway tracks in the area generally known as Kanata Lakes. Currently trail access is neither permitted nor prohibited. OMBA is working with the city to establish sanctioned trail access and stewardship to the SMH.

Project:

Camp Fortune and the Gatineau Park.

Presently we have limited access to the park and for the time being have good access to the Camp Fortune area. We need to work to maintain good relations with the NCC and the operators of Camp Fortune and demonstrate an ability and commitment to sustainable trail development in hopes to maintain access to Camp Fortune and expand access to Gatineau Park.

South March Highlands trail map.

We need your help.

Membership numbers carry significant weight with land managers and political bodies such as the NCC and the city of Ottawa, so join OMBA, respect the trails, ride responsibly, ride safe and remember,

..Rubber side down.

Go to

www.ottawamba.org

to find out how you can get involved.

OMBA is an IMBA affiliated club
